Download the Monta App from Google Play Store or Scan the QR Code

Start a charge via Monta app

If you are already a Monta user, you can easily start a charge from the Monta app.

1. Open the Monta Map and select a charge point
2. Click to open the charge point
3. Select or add your car (optional)
4. Click on "Go to payment"
5. Click on "Add payment method"
6. Select an available payment method or add a bank card
7. Slide to start charging

Start a charge via QR sticker

If you see a QR sticker on the charge point you can start a charge whether or not you have a Monta account! Here is how you do that:

1. Scan the QR sticker with your phone camera or NFC
   - If you have the Monta app, it will open on your phone (see step above)
2. Adjust the charge amount
3. Add your email if you wish to receive a receipt
4. Add a payment method
   - See which payment methods are available on your device or add a bank card
5. Swipe to start charging
